## THREE MORE MEXICANS ARE ARRESTED BY U. S.

### DOMINANT LEADERS AGREE, SAYS REPORT

El Paso, Texas, June 30—Gen. Marcello Caraveo, like Alderete and Frank Alderete were arrested by Federal officials today in connection with the alleged Huerta plot to launch a new revolution in Mexico. They were arraigned before George Oliver, United States commissioner.

El Paso, June 30—The possibility of peace being considered soon by leaders of the two larger warring factions in Mexico and the continued search by Federal authorities for Felix Diaz, nephew of former President Diaz reported last night to have reached El Paso secretly, were the outstanding features of the Mexican situation here today.

Jose Isabel Robles, minister of war in the cabinet of Estanilo Gutierrez, former provisional president, was authority for the statement that leaders of the two dominant parties agreed to discuss peace terms. Robles declined to discuss any of the proposed terms but expressed the belief that developments in line with this suggestion might be expected by the middle of July. Robles arrived yesterday from the south, presumably to act as intermediary.

Since the overthrow of the Gutierrez government Robles says he has taken no part in the Car-

ranza or Villa cause but has devoted his efforts to bringing about an understanding. Robles is known to have conferred with men high in the councils of both factions.

An all night search failed to disclose the whereabouts of Felix Diaz. Friends of Diaz were silent on the subject while adherents of General Huerta professed ignorance of the motive of the Diaz visit.

Advices to the railroad office headquarters in Juarez said General Villa, entrenched at Encarnacion, thirty miles south of Aguias Calientes, was engaged in desperate fighting with the Carranza forces under immediate command of General Benjamin Hill. Details are lacking.

In a message to Miguel Diaz Lombardo, his foreign minister, General Villa expressed pleasure over the action of American authorities in apprehending Generals Huerta and Orozco. Villa instructed Lombardo to telegraph President Wilson his appreciation.

### ALL MISSOURI ACCEPTS CLARK'S WEDDING BID; LITTLE TOWN CROWDED

Bowling Green, Mo., June 30.—Hundreds of guests from other states, many of them prominent in the political and social life of the nation were in Bowling Green today to attend the wedding of Miss Genevieve Clark, twenty-year-old daughter of Champ Clark, speaker of the National House of Representatives.

Miss Clark was to be married late today to James M. Thomson, publisher of the New Orleans Item. To the people of this state Speaker Clark had issued a blanket invitation and so great was the throng of Miss Clark that took him at his word that Bowling Green could scarcely hold them.

To provide quarters for the hundreds whom the townspeople could not entertain sleeping cars were

sidetracked in the local yards. The wedding was to take place on the lawn of "Honey Shuck," the Clark home. Rev. Robert S. Boyd of Louisville, Kentucky, cousin of the bride, was to be the officiating clergyman.

For weeks wedding presents from far and near have poured into the Clark home. President Wilson sent two silver caskets. The Missouri congressional delegation sent a silver flower-basket three feet high. A diamond necklace was sent by congress. The newspapers and paper carriers of the New Orleans Item sent a silver table, a fac-simile of the first page of the Item.

The town of Bowling Green was gaily decorated for the wedding. Flags were flying today from every window and hundreds

of yards of hunting adorned the business district. The mayor had issued a proclamation calling on the townspeople to clean up for the wedding guests.

Among the wedding guests were Henry Watterson, editor of the Louisville Courier-Journal; Norman E. Mack of Buffalo, former chairman of the Democratic National Committee; Congressman Mann of Chicago, Republican leader in the House of Representatives, and Colonel George Hurvey, the magazine editor.

Scores of members of congress were present and Missouri state officials were here in force. Senators Reed and Stone came on a special train and Governor Major of Missouri, a life long friend of Speaker Clark, had a place among the guests.

### GERMANS TORPEDO TWO NORWEGIAN STEAMERS; TURKS ARE EXHAUSTED

Berlin, June 30 (via London)—The Russians have begun a retreat from the Vistula river and the district of Zamosz, southeast of Lublin, in Russian Poland, according to the official statement issued today by the German army headquarters' staff.

London, June 30—The Norwegian ship Gamsbukken, which sailed from Portland, Oregon, February 9 for Liverpool or Manchester, was sunk today by the German submarine U-39.

Thirteen members of the crew were landed. Eight other sailors, being German subjects, were taken aboard the submarine.

The Norwegian steamship Jago, of 1,094 tons gross, also was sunk by a German submarine today. The crew was landed at North Shields. The vessel was sent to the bottom by a torpedo.

Paris, June 30—A Havas agency dispatch from Athens says the exhaustion of the Turks facing the French forces on the Gallipoli peninsula is evident and leads to the belief that the Turkish position at Krithia will soon be taken by assault. In a recent advance made by the French it is added, 6,000 Turks were found dead in the trenches on the front taken.

London, June 30—A British official statement issued today dealing with the operations in the Dardanelles announces that two lines of Turkish trenches have been captured to the east of Saghir Dore and that three lines have been stormed to the west of that place.

Amsterdam, June 30 (via London)—An official communication issued at Constantinople today announces that the Anglo French forces on June 28 thrice attacked the Turkish left wing at Avic Burnu and the Turkish report wing at Seddul Bahr but were repulsed on both occasions with very heavy losses.

London, June 30—Russia's reply to the brilliant Austro-German victories in Galicia is a law setting up a board of munitions empowered to unlimited money and given virtually unrestricted power over all private industries in the whole of the country.

It is reported from Petrograd that the creation of the board became law with celebrity that was absolutely astounding which is taken to indicate that the country fully realizes that the recent disasters to the forces of Grand Duke Nicholas largely were due

to lack of munitions and equipment. With comparative quiet prevailing on all the fronts except that along the border surrounding Russian Poland, and Galicia to the attention of the English public again is turned toward diplomatic and domestic problems.

Special dispatches from the Balkans declare that Bulgaria is dissatisfied with the territory offered her by the entente allies. That Turkey has not lost hope of cancelling her dangerous neighbor, however, is shown by the

news that Bulgarian-Turkish negotiations looking to the elimination of the frontiers of their respective countries will be renewed in Constantinople.

Rumors of a break in the diplomatic relations between Italy and Turkey again are rife. With the exception of the French claim that they have recovered all the trenches which the Germans had recaptured in the Vosges mountains no change in the military situation on the western battle line is reported.

## CONGRESSMAN SWITZER IS VISITING IN THE CITY

Congressman and Mrs. Robert M. Switzer of Gallipolis arrived in Portsmouth Wednesday morning to spend a few days at the country home of Mr. and Mrs. Harry W. Miller at Franklin Furnace. The two families were intimately associated together in Washington while Mr. Miller was located there as solicitor for the U. S. Navy Department and Mr. Switzer was attending sessions of congress.

Mr. Switzer stated Wednesday morning that his visit had no political significance, but he spent the day calling upon local Republican leaders and building up his political fences. During his first term in congress he represented the old Tenth district which included Scioto county. The Democratic landslide of two years ago threw him into the new Tenth while Scioto county was placed in the Sixth. The latest gerrymander, passed at the recent session of the state legislature, returned Scioto county in Congress.

Switzer's district, and he is once more interested in the political affairs of this county. It is almost assured that he will be a candidate for a fourth term next year.

Congressman Switzer is a member of the Rivers and Harbors committee of the National Congress, and he and his wife will leave Chicago on July 15th with the members of that committee on an extended trip through the west to be gone about two months. The committee will inspect the harbors at Portland, Tacoma, Seattle, San Francisco and other Pacific coast ports, make an inspection trip up the Columbia and Sacramento rivers, and incidentally visit the Expositions at San Francisco and San Diego. Their trip carries them as far south as Los Angeles.

Congressman Switzer's private secretary, Willard Gustin, formerly of this city, also arrived in Portsmouth Wednesday, accompanied by his wife, to make an extended visit with local relatives.

Council met in adjourned session Tuesday evening with all members present. Bills amounting to \$33.70 were allowed. Contractors Watkins and Phillips were allowed their eighth estimate amounting to \$500 for labor of installing water mains.

Charles Dixon, chairman of the street committee, reported that the \$10 damage claim of E. Wolfe of West Rhodes avenue had not been looked into but that the committee would make an investigation.

A resolution was passed authorizing the clerk to advertise for bids for the depositing of public moneys of the village. No bids less than 2 1/2 per cent per annum will be accepted. The depositary until December 1st, 1917.

A resolution was passed authorizing and directing the transfer of \$1000 from the water works fund to the sinking fund. An unexpended balance of \$1000 was left in the water works fund after all expenses connected with the installing of the water system were paid.

Frank Taylor's application as street paving inspector was laid aside until a later meeting.

Member Harr asked for an explanation of how the village intended to cross the Jordan 30 foot strip on West avenue with paving and sewers. Engineer Harper explained the sewer proposition by saying that the sewer will be constructed in the ditch now crossing the land and that they could not be stopped in constructing the sewer in a natural water course.

The gas supply was shut off for a short time Tuesday afternoon when one of the regulators on a pipe was knocked off by one of the teams employed in grading on Oak street. A. D. Fitch, who attends to the village lights, had to make the rounds of all the lights and light them.

John Emmert, Wilbur Emmert, Earl McKinley, Charles Aldridge, Clarence Patterson and B. The five foreigners arrested Monday evening on drunk and disorderly charges by Deputies Lon Rice and Ike Wells, appeared for trial at one o'clock Tuesday and entered pleas of guilty. Mayor Davis fined them \$1.50 each. The fines were taken out of their \$5 bonds, twenty cents being returned to each of the quincies.

## The Movies

Wilton Lackaye in "The Pit" At The Lyric Tomorrow

One of the greatest pictures ever brought to town, in fact one of the best pictures ever made, is the production of William A. Brady's famous American drama, "The Pit" in which the eminent actor Wilton Lackaye made such a tremendous hit, will be the big attraction at the Lyric tomorrow.

Pictures will come and go but seldom will you have a chance to see such a wonderful photoplay at a ten cent admission. The story is intensely interesting, intensely human, it sends you all the way through and grips you away with a feeling that you have seen something great. "The Pit" is a truly American story, dealing with a husband's mania for making money and speculation which absorbs his whole attention, while his devoted wife goes heart hungry for the attention and affection she richly deserves. Unlucky and it is about to leave him when, in an unaccountable attempt to earn the wheat market, he loses every dollar—and learns the lesson of life—that a good woman's love is worth more than all the money in the world. Gail Kane and Milton Sills who supported Mr. Lackaye in the original stage production are also supporting him in the picture. Don't let anything keep you from seeing it. The shows will start at 1:30, 3:00, 4:30, 6:30, 8:00 and 9:30. The admission will be as usual, 10 cents.

"Shore Acres," That Popular Old Play, Columbia Tonight  
Everybody remembers "Shore Acres" as one of the most popular plays ever presented on the stage. It was one of those stories which reached the very depths of human interest and the beautiful character of Uncle Nat and his hard-hearted brother Martin will always be remembered by the thousands who saw this great on the stage.

Can you ever forget the scenes at the Light House, the quarrel between the two brothers and their final happy reunion at the family Christmas dinner.

No finer adaptation of a successful drama has ever been screened than that of "Shore Acres" and this reproduction in pictures was produced among the

### The Sun

On Friday and Saturday of this week Manager Studyvin of the Sun has booked the masterpiece, "The Walls of Jericho," a stupendous production, featuring the great actor, Edmund Breese, of world-wide fame.

This play is the story of English social life and is a message—a warning to modern civilization against the decadence of its very foundations. It is a clarion blast against gambling, dissipation and tendencies just as injurious to our social being.

The story revolves about a self-made millionaire who marries a lady of royal birth, whose associates in the smart set lead her to destruction. This vivid story of English society life is one of the greatest and best photo plays that will ever appear at any of the local picture houses and to miss this treat, for it is a treat to see a play by such a master, is to fail to seize one's opportunities when they appear.

Manager Studyvin has booked many feature pictures and will show them at his popular house in the near future.

Watch for the Sun announcements in this paper as they are always of interest to movie fans.

### At the Exhibit

"The Resolve" is a two reel dramatic picture that is being shown at the Exhibit tonight. Winifred Greenwood and Ed Cox are taking the leading roles. There is also a good Keystone comedy entitled "Versatile Villain." Another big feature of tonight's program is the Reflux musical motion pictures. There is four reels of well balanced moving picture acting with a special musical feature, orchestra numbers and a cool house all for the small admission of five cents.

Big Civil War Drama And Two Comedies At Arcana Tonight  
One of the biggest attractions of the season is the offering of the Arcana Theatre to its patrons today. First and foremost will be a Civil War drama, entitled "The Little Girl of the Attie," a two-reel feature, depicting the days of the Civil War, when patriotism ran riot, and where devotion to principle stood

out definitely. The drama tonight is one of the most interesting and exciting ever made and the scenes of battles no vivid that all those who witness the same will imagine he was living over again the days of '61-'65. Old soldiers are especially invited to see this great drama. Manager Potts will make special delight in furnishing the veterans with choice seats. In addition to the war drama will be two comedies, entitled "Father Was Neutral" and "An Ill-Wind," both storms of laughter. All for 5 cents.

### At The Pastime

Tonight's bill at the Pastime in Sciotoville includes a Kalema two-reel drama entitled "Her Bitter Lesson." Helen Hollister, Harry Millard and Helen Hollister are included in the cast. These Kalema pictures are especially well staged, cleverly acted and always high class and entertaining. ### At The Scenic

Arthur V. Johnson and Lottie Briscene in the Lubin three reel production "Her Martyrdom" is the big feature on tonight's interesting program at the Scenic. It is a drama of intense heart gripping action that will hold you spellbound from start to finish. "Father's New Maid," a screamingly funny Essanay comedy featuring Wallace Beery will close the show. It is always cool and comfortable and the show is always good at the Scenic and the pictures are always bright, clear and flickerless. Tomorrow's feature is the Biograph two reel drama "His Roman Wife," a powerful drama with Vola Smith.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't look old! Try Grandmother's recipe to darken and beautify faded, lifeless hair.

That beautiful, even shade of dark, glossy hair can only be had by having a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and ridges it of scalp itching and falling hair. Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

## OUTLOOK GOOD FOR ARMORY

The possibility of Portsmouth securing an armory took on a more encouraging aspect Wednesday when Hubert J. Turney, chief law officer of the Ohio National Guards visited the city and held a conference with Capt. James Smith of the newly organized company K.

Capt. Smith, it was learned, hopes soon to have matters shaped up so that he can make formal application for an armory, said application to be filed with Col. Harry D. Knox of this regiment, who in turn takes up the proposition with General Benson H. Hough of the Ohio National Guard.

As has been stated, all the city will have to do is to donate a site for the building, the state to appropriate \$20,000 for the structure.

Mr. Turney while here stated that this sum would be forthcoming just as soon as the city would donate a centrally located site. Mr. Turney stated that fine armories have just been erected in Norwalk and Marietta and there was no reason why Portsmouth should not get an armory.

Capt. Smith assured Mr. Turney before he left the city this afternoon for his home in Cleveland that formal application for an armory would be made just as soon as a plan could be devised that would result in the city donating a site.

## TWO POUND BABY CHRISTENED

## HAS CLOSE CALL

Attorney and Mrs. Theo K. Funk received word Wednesday of the narrow escape from death at Calumet, Mich., of their grand son, Donald Porter, aged 6 years.

The boy, who is a son of Mrs. Ada Funk-Porter, was run down by an automobile and seriously injured. Unconscious and covered with blood he was carried into the Calumet Garment Manufacturing company's plant of which his father, James Porter, is manager, where physicians revived him. It was found no bones were broken.

## NORMAL ENDS FRIDAY

Scioto county's normal school at Wheelersburg will close Friday afternoon with a big social time, in which all of the students will participate. An informal program will be arranged, and it is likely that a big picnic dinner will be served. The school has been open for six weeks, and the students have become like one happy family during that time.

The normal school this year was the most successful ever held in this county, according to school authorities. In all, 103 students attended, the largest attendance reported in the state. The school was under the supervision of County Superintendent McCann and his corps of district superintendents.

## COMMISSIONERS WILL ATTEND HOSPITAL AND GOOD ROADS MEETINGS

The full membership of the board of county commissioners will go to Chillicothe Thursday to attend a joint meeting of the commissioners of the counties interested in the district tuberculosis hospital proposition. Nothing definite has been accomplished at the preceding meetings, but County Auditor Alexander of Ross county, in his letter to the local board received today, advised that definite action will be taken at this meeting.

Scioto county's commissioners are thoroughly in accord with the movement, and will join with the other counties in establishing the hospital if the cost is not too great. Ross, Pike, Fayette, Highland, Brown, Jackson and Meigs counties are among the counties that will be represented in addition to Scioto.

From Chillicothe the commissioners will go to Marion to attend the joint meeting of the fourteen counties through which the Portsmouth-Sandusky pike passes, where the matter of permanently improving the road from the lake to the river will be thoroughly discussed. They will join the local delegation from the Board of Trade and Retail Merchants' association and the three commissioners elected at Chillicothe, President Willard Bennett and Commissioners Daniel Egbert and J. J. Spencer will make the trip.

## FEAR A SUDDEN RISE OF THE SCIOTO RIVER

The heavy rains of Tuesday night and Wednesday morning had the effect of arousing fears of another run-out of the Scioto river that might endanger the temporary bridge.

Contractor Henry Ruel called up Jasper and Waverly about 10:30 a. m. and reports from those points told of no unusually heavy rains, and he anticipates no danger or run-out. He will take no chances, however, and will have the bridge guarded tonight.

Tom Colvert, the Summit Lawn dairyman, was quickly over reports he claimed to have received himself by telephone from Waverly, Chillicothe and Columbus, indicating two inches of rain at those points. He decided that this meant the bridge would go out tonight and as a matter of precaution he arranged to stable his dairy wagon and horse in the city over night.

Reports brought to the city from travelers seemed to confirm the fears of a run-out. Ignatius Kola offered Mr. Ruel all of his lines as a means of further protecting the bridge. Private advice received by the Times Wednesday afternoon showed that there was no rise at 3 o'clock, either at Waverly or Chillicothe.

The Ohio river itself is so low that it is hard to judge the effect the rains will have on it. The only rise indicated by the government reports were eight-tenths of a rise at Zanesville and two-tenths at Parkersburg. Tronton also reported a feet rise there, while the river was still stationary here Wednesday afternoon.

## Reds Win

Ooray for the Reds! They beat Chicago in the first game of the double header played Wednesday afternoon. The score was 1 to 0. Dale and Lavender staged a great pitching duel, each hurler yielding but two hits.

## ALLEGED TO HAVE THROWN CANNON CRACKER AT STREET CAR ARRESTED; DENIES GUILT

Orval Price, an employee of the steel plant, was arrested Tuesday afternoon by Sheriff Smith on a warrant charging him with having thrown a cannon cracker at a street car on the Seigsville division of the Portsmouth Street Railway and Light company last Saturday afternoon. The affidavit was filed in Squire A. J. Finney's court by Henry Smith, the conductor.

Price was taken before Squire Finney for arraignment, and entered a plea of not guilty to the charge. He was bound over to common pleas court under \$200 bond, which was furnished by Attorney Edgar Miller, and the accused released. No motive can be assigned for the act for which Price vigorously denies responsibility.

## Atty. Searl Trustee In W. C. Evans Case

The first meeting of the creditors of W. C. Evans, whose place of business was located at Gallia and Sinton streets was held Wednesday afternoon in Referee Mark Crawford's office.

The petitioning creditors were represented by Attorneys Torney and Sipe of Cleveland and local creditors were represented by Attorneys Edgar Miller, J. P. Purdum and C. M. Searl. Mr. Searl was elected trustee and a motion was filed and allowed praying for bankrupt to show cause why he did not turn over assets to the creditors.

Another motion was filed for the purpose of apprehending the bankrupt, who skipped out last winter and whose whereabouts are unknown. The motion will be acted upon later.

### Amended Petition

The amended petition in the case of Henry C. Mitchell, administrator of the estate of the late Robert C. Mitchell, a minor, against the B. & O. S. W. Railroad Company, a suit for \$1935 damages, was filed in common pleas court Wednesday by Attorneys Holcomb and Holcomb. Judge Stephenson sustained a motion Monday of the defendant requiring the plaintiff to make his petition more definite and certain, and the amended petition is the result.

Young Robert Mitchell was killed last New Year's Day by a B. & O. S. W. freight train near the N. & W. depot, while he was crossing the tracks to start out on his newspaper route. His father claims that the accident was due to carelessness on the part of the railroad company employees.

### Plans Long Fishing Trip

## TROUBLE

The local option election at Picketon Tuesday was featured by a warm argument between wet and dry leaders near the polling place over the attempt of several negro laborers employed on the N. & W. to cast their votes. William Bisher, the foreman, contended that only three of the gang were entitled to vote, the rest claiming residence out of the state when they took employment. The election officials decided that they were not legal residents and thereby not entitled to vote.

It was rumored that a contest would be filed by the wet leaders on account of their decision, but inquiry at Picketon today developed little ground for that report. The village voted to remain dry by a majority of 58 votes out of a total of 177.

## Steel Company Sued For \$12,000 Damages

Suit for \$12,000 damages was filed against the Whitaker-Glessner Company, successor to the Portsmouth Steel Company, Wednesday afternoon by Attorneys Sprague, Sheppard and Dover, representing Herbert L. Sutton, administrator of the estate of Jess E. Sutton, deceased, who died May 13, 1914, from injuries alleged to have been sustained on July 22, 1913, while in the employ of the defendant company. Negligence of the company's employees is alleged.

The petition recites that Sutton was employed on the date of the accident in placing freshly manufactured and very hot steel in a car loaded in the bar mill, the steel being piled 24 to 30 inches high. It is further stated that one of the duties of the deceased was to release the chains fastening the ends of the car to the angle irons of an electric crane, which moved it to and fro in the mill. One of the chains became fastened, the petition says, and Sutton signified the crane operator to raise that end a trifle. The crane man, whose name is said to be Charles Oliver, was an inexperienced operator; it is alleged, and raised the car too high, throwing the red hot steel against Sutton's legs, and pinning him tightly for fifteen minutes before he was released.

Sutton, the petition says, was burned so badly that he died several weeks later from his injuries. He left a wife and two minor children, who the administrator says, are entitled to damages in the sum asked for.

It is set forth in the petition that the steel company, at the time of the accident, had not complied with the provisions of the Workmen's Compensation law.

## HABITS OF PEDESTRIANS.

We have been calling attention for some days to the necessity for enforcement of the traffic laws as relating to automobiles and to vehicles, so as to minimize danger of accidents. Now there is another phase of the matter which should also be looked after and that is the negligence of many pedestrians. The streets are made for street cars, for wagons, for buggies, for automobiles, for general traffic of a heavy character. The sidewalks are for pedestrians and the latter have no more right to wander around in the streets than wagons of automobiles would have on the sidewalks. Recognizing this fact, ordinances fix crossings at certain intervals along the streets and these are supposed to be used when people desire to change from one side of a street to another. Drivers of street vehicles are supposed to exercise greatest caution at these crossings, to have vehicles under control and to use every reasonable precaution against accident. In the face of all this it is a growing custom for pedestrians to jayhawk about the streets wherever their sweet will may dictate. Every time they do so they are taking big chances and old place has led to drizzles against the practice and the ordinance is being as strictly enforced as are the other street traffic regulations.

There are hundreds of automobiles in Portsmouth and the number is constantly increasing. They are entitled to the use of the streets, as are vehicles of all descriptions and people should, in this connection, be especially careful in cautioning children about suddenly darting into the streets. The street of any city is not a good playground at any time for a child and as much as possible the habit should be discouraged. But the majority of street accidents to children occur when a child, in the midst of play, suddenly darts into the street. They do not look either to the right or the left, but in anxiety to escape a pursuer or to grab a ball, they plunge ahead and then comes a tragedy. An automobile may be coming along under perfect control and not a soul in sight on the street. Suddenly one of two children who a moment before were peacefully playing on the sidewalk, leaps to his feet and darts into the street right in the path of the machine. It is so quickly done that no power on earth can prevent accident. A boy is run down, is maimed or crippled, and no one to blame, but sorrow brought into several homes. We ask parents to think of these things and to caution their children on this particular point.

By consistent observance of the law on the part of automobilists and pedestrians alike, the number of accidents can be reduced to a minimum. And that is a consummation devoutly to be desired.

## A STRIKING COMPARISON.

Under the heading "Two Pictures," the Chicago Journal had this most excellent editorial:

"In 1907 the world was at peace. Factories were busy. Crops were good. There was no threat of trouble abroad. At home, the Republican party, self-appointed vizor of 'prosperity,' was in undisturbed control of the government, and Theodore Roosevelt held forth daily on the whole duty of man, with the White House or the president's train as his rostrum.

"Yet out of that clear sky came a panic that forced every bank to suspend specie payment and rely on 'cashier's checks.' The card house of prosperity tumbled to the ground. Factories closed, the stream of traffic dried to a thin trickle, disaster overtook the whole nation, and the effects of that disaster were still plainly visible when President Wilson took the chair in 1913.

"Turn now to 1914. In early August of that year began the greatest and most destructive war the world has ever known. Men by millions dropped the tools of industry and sprang to arms. Battles involving armies larger than the hosts of Xerxes grappled on two frontiers, swaying bank and forth, and trampling civilization into the mire between them. The purchasing power of this nation's best customers was cut in two, and some of those customers perforce ceased buying altogether.

"Yet there was no panic. Business halted, as a ship might halt if she ran against a continent; but the ship did not sink, nor even take in water. There was a tremendous disruption of commerce and finance, but no collapse like that which came seven years before. The army of unemployed was no larger in 1914 than in 1907; and while the earlier depression lasted for years the later one is already passing away, and prosperity is returning with steady pace."

## THE TOWPATH ROADS.

From a source that is unquestioned, we are told that unless the county commissioners force faster work by the contractors on the towpath extensions and improvement the new bridge over the Scioto will be completed and ready for use several weeks, or maybe several months, before the towpath and side road are ready for travel. We would then have a fine new bridge marooned, as it were, with means of reaching it shut off.

There would be absolutely no excuse for such a thing coming to pass. The towpath work, as a matter of fact, should have been completed long ago, but as the bridge was not ready, it would have been of little use to the traveling public. But to have the bridge completed and the road still blockaded would be a most grievous blunder and we are sure that the commissioners will see to it that the contractors speed up their work and put on a force adequate to insure immediate completion of the roads.

## A TOUGH OLD BIRD...

If Three Axes Can't Hurt Him Will A Fourth Do Any Better?

## THE NOISY FEW.

Because of a clamor raised and an excessive publicity given noisy demonstrations the outside world has gotten the idea that the whole state of Georgia is fairly seething with indignation against Governor Slaton for making commutation in the Frank case and is fairly afloat for his blood in reprisal. As a matter of fact much noise seems to be taken for popular opinion, or rather unanimous opinion.

There is, however, not lacking evidence that the sober and sane people of Georgia, and that means by far the majority, are untroubled by the gubernatorial action and the strong disposition is to concede that the official was not unjustified in following the conclusions of his inquiry into the case and the dictates of his conscience upon that conclusion. Many of the best and most influential papers of the state raise their voice in opposition to the outcry of the mob and have the sincerest and most unreserved praise for the governor. It is not likely these would be found in conflict with a dominant sentiment. They have some peculiar politics in these southern states and therein a hue and cry is often raised, not of pursuit of the criminal, or indignation over his crime, but as a mere subterfuge to carry out the purpose of the professed pursuers.

## ALL JUST ALIKE.

The Springfield Sun handsomely approves the action of its city commissioners in peremptorily refusing permit to the Light, Heat and Power Company, a local service corporation to tear up one of the principal thoroughfares at this particular time. The ground of the refusal is that past experience has shown, that having once been suffered to enter upon a street the contractors forget both the favor done them and the rights of the public and use their own sweet time about discommodating it and restoring it to something like its original condition.

Thus we see all men are pretty much alike and the experiences of municipalities and political divisions are about the same. It will be four months before bad weather sets in, yet, with the lessons oft set before it Springfield realizes having a street torn up now it would not be reset and turned back for uninterrupted public use until winter set in, and that would mean a practical embargo thereon until sometime far in next spring. Such things it is admitted should not be permitted, but there seems to be only one way of doing so and that is refusing permit to tear up a street, except for a beginning so early in the spring that even the tardiest of contractors will have exhausted all excuses and delays before bad weather returns again.

## BRYAN IN THE WRONG POSITION.

Those having direct and confidential sources of information have been able to declare that Mr. Bryan stood very high in the esteem and good-will of the entire cabinet. It is also said by well-informed men that he was highly regarded by the foreign diplomats at Washington, who found him always ready to receive them, and indefatigable in his devotion to the work of his department. The newspaper attacks upon Mr. Bryan have not, therefore, represented the feeling or point of view of those most concerned at Washington.

Yet it has never been the opinion of most of the men competent to pass judgment that Mr. Bryan was in his right place as Secretary of State. His work is that of influencing popular opinions, as a speaker on the platform. He is a powerful campaigner for the causes that he believes in. He hates war, and there is no cause just now so important as that of permanent peace based upon the triumph of liberty and justice. He hates the evils of drink, and feels impelled to take a popular part in the great agitation for nation-wide prohibition. He did not find it possible, as Secretary of State, to avoid going out from time to time to address large audiences on his favorite themes. Sometimes he was heavy making speeches when the established etiquette of a portfolio like his would have required that the minister of foreign affairs be referred to in the papers as "silently and vigilantly on duty at his post." Furthermore, Mr. Bryan has continued, through these two years of his secretaryship, to run his political periodical known as the Commoner. Nor has he left its readers in doubt as to his immense activity in the conduct of this organ. From "The Progress of the World," in the American Review of Reviews for July.

## The Land of "Pretty Soon"

I know of a land where the streets are paved with things we meant to achieve.

It is walled with the money we meant to have saved. And the pleasures for which we grieve.

The kind words unspoken, the promises broken, And many a coveted boon Are stowed away there in that land somewhere— The land of "Pretty Soon."

There are uncut jewels, of possible fame, Lying about in the dust, And many a noble and lofty aim Covered with mold and rust.

And, oh, this place, while it seems so near, Is further away than the moon! Though our purpose is fair, yet we never get there— The land of "Pretty Soon."

It is further at noon than it is at dawn, Further at night than at noon; Oh! let us beware of that land down there The land of "Pretty Soon." —The King's Own

Dinner On the Ground An all-day singing with dinner on the ground was given at Dog Hill church Sunday. Raz Barlow, who was present, conducted himself well, with the exception of stepping on the table cloth a few times while reaching after the pies. —Hogwallow Kentucky.

What's in a Place? It was ever a happy day, for Sammy's painstaking father when his young hopeful's school report arrived.

As for Sammy himself—well, he was a philosopher. The awful day had come once more, and father was in the lowest depths of misery. "Sammy, Sammy!" he groaned, "why is it that you are at the bottom of the class again?" "What does it matter, father, whether I am at the top or the bottom?" queried that wise youth. COLLECTIONS  
OF OLD JEWELRY

You may readily judge of how styles in jewelry change by comparing any piece of old jewelry you may have with the above illustration. The illustration shows the latest method of treatment of the pendant and the Valliere. Pieces of this attractive type are readily made from little collections of old jewelry, such as may be found in almost any household, with the addition of such gems as may be needed to complete the design. Not only are the designs of sentiment satisfied, as in the case of using keepsakes and heirlooms for this purpose, but there is a distinct pleasure in possessing a modern piece coming such association with the past. The facilities of this establishment enable us to execute commissions of this kind promptly, safely, and at moderate charges. Any patrons are now availing themselves of them, and rates of cost being reduced in advance.

Bring in your old pieces and see what we can do with them.

## NEW YORK STOCKS

New York, June 30.—Further uncertainty was reflected in initial dealings on the stock exchange today with fractional declines in a number of leading shares. The low priced railways increased heaviness, Missouri Pacific falling 3/4 to 6 1/2 repeating its low record for the early year.

United States rubber was the only industrial to manifest strength regaining two points a fits recent severe loss. War shares were neglected with a decline of a point in Goodrich. Reading soon recovered from its opening decline with general improvement elsewhere.

Every important stock in the international list was lower in London, declines extending to the point in Canadian Pacific, St. Paul and Pennsylvania.

Prices continued to fluctuate irregularly during the dull first hour with increased apathy later. Reading, New York Central and Canadian Pacific were among the few railway issues to make any headway. Bethlehem steel, Crucible steel, General Electric, Westinghouse and Baldwin locomotive rose 1 to 3 points. Amalgamated copper, American smelting and other metal stocks were fairly strong also Mexican Petroleum. Rubber lost much of its advance.

CHICAGO GRAIN  
AND PROVISIONS

Chicago, June 30.—Bullish estimates on the domestic winter crop turned the wheat market up-grade today after an early decline. The total harvest for the seven principal states was figured at nearly 40,000,000 bushels less than the amount realized in 1914. A big reduction in the exportable surplus of India counted also against the bears. Opening prices which ranged from 1/2 to 3/4 lower were followed by a slight additional sag and then an advance to well above last night's level.

Corn hardened with wheat. In the beginning, however, the market had a downward slant owing to favorable weather and to better crop reports. After opening unchanged to 1/2 lower, prices scored moderate net gains.

Oats reflected the course of other cereals. Trading was mainly between pit speculators.

Higher prices for hogs lifted the provision market. Hog receipts

# WILL GIVE PUBLIC FACTS IN HOSPITAL ROW

## Influential Men Are To See Nurses Have Legal Advice

At a late hour Wednesday afternoon no statement was forthcoming from the nurses' cottage at Hempstead hospital further than that all of the suspended nurses were preparing to leave. Attorney Edgar Millar stated Wednesday afternoon that various persons were employing lawyers to take up the defense of the nurses and that while he himself had not exactly been employed he would be in the case. He said some prominent law firms would be found defending the nurses.

Mr. Millar said the discovery had been made that the local civil service commission had never adopted any rules governing the hospital or any other departments and for that reason it was hardly likely that the nurses' fight would be made, before that body. He declined to say whether or not the state civil service commission would be appealed to.

Probabilities were strong today that the clouded situation at Hempstead hospital would be cleared thoroughly before the Civil Service commission. It was strongly rumored that influential citizens who wish to have the troubles of the hospital ended to stay ended would engage one of the leading attorneys of the city to represent the nurses at the hearing before the commission, and give them a chance to prove some of the things they are alleged to have seen while on duty at the hospital.

It was also rumored that at this hearing charges would be made against Safety Director Lake, those behind the movement to

present the side of the nurses to the public feeling that the citizens of the community, in view of the many charges and counter charges, are entitled to know the real facts.

Miss Lemon, who was absent on her vacation at the time of the nurses' revolt and who therefore was the only one of the students to escape suspension, resigned her position verbally Wednesday morning. Miss Lowe said that Miss Lemon came to her and told her that if she remained she would be nothing more than an "under dog" with the new staff of nurses who are to replace those suspended and while she had nothing against her (Miss Lowe) she, under the circumstances, could not remain. Miss Lowe said she assured Miss Lemon that she, too, had no ill feeling toward her, but would like for her to remain, but readily accepted her resignation. The first sign of the determination of the nurses to leave the hospital was noticed shortly before noon Wednesday when Misses Stella Browning and Olive Stout, two night nurses, packed their suit cases and removed part of their clothes from the hospital. Miss Browning returned later to pack her trunk. Miss Browning hails from Kentucky, while Miss Stout's relatives have just moved to Portsmouth from Peebles, Adams county.

The remaining nurses are expected to leave in a body as soon as they receive their pay checks. Director Joseph Lake, of the public safety department, has fixed 5 p. m. as the time for delivering the checks to the suspended nurses.

**Boy Was Lost.**  
Daniel, a three-year-old son of Samuel Ellwell, of No. 920 Fourth street, wandered away from home and got lost Wednesday afternoon. Police were notified. The boy later was found standing at Fourth and Chillicothe street, relishing an ice cream cone to which someone had treated him.

**KILL COCKROACHES!**

Easy Matter to Exterminate These Filthy Pests

Even a feeble imagination can think of the germs the cockroach must bring as it crawls around the kitchen and pantry, contaminating and spreading them. Now is the time to kill off the cockroaches and free your home from the verminous pests. A dozen cockroaches killed now is better than killing hundreds later.

A thousand boxes of **Scourge** (disinfectant) which you can get for twenty-five cents from any drugstore, will rid your home of cockroaches, or water bugs. It is much better than poisons, as it can be used in any room and get into the food. Save to use and an absolutely exterminator. Two boxes in full-size packages in every package.

## EPWORTH LEAGUE MEET OFF WITH GOOD START

The annual convention of Portsmouth District Epworth League of the Methodist Episcopal church convened at 2:30 o'clock at Oak Hill. Five sessions are to be held in the Methodist church at that place. A session will be held Wednesday evening at seven o'clock and three sessions will be held Thursday, morning, afternoon and evening. The Portsmouth district includes the M. E. churches of Scioto, Lawrence, Jackson, Pike and parts of Adams and Gallia counties. Almost every church was represented, there being several present from the majority of the churches. The attendance at the opening session was about 75 and by Thursday morning over one hundred are expected present.

Rev. C. Lloyd Streeker of Trinity church will be unable to attend the Wednesday evening session. He was to have talked on the subject, "The Epworth League and Young People's Work."

Rev. J. E. Dierl and Rev. A. R. Connell will leave Thursday morning to be present at the morning session when Rev. Dierl will talk on "Westley Hall Mission." District Superintendent Rev. L. L. Magee will conduct a Round Table Thursday morning. Miss Belle Burton of Manly church, and Prof. A. W. Stewart of Trinity church, will be speakers at the Thursday afternoon session. Carl Edgington of Sciotoville M. E. church, who was to have led the devotional services Thursday morning, will be unable to attend on account of illness.

The Wednesday afternoon session was opened by Clyde Jones in charge of devotional exercises. George Koch, of Wheelersburg, first vice president, read his report which was very gratifying. The report showed that more interest is being taken in the work in rural districts. George Daller of Oak Hill gave a very interesting reading on "The Great Need of the Epworth League." Miss Bessie Myers of Ironton, spoke on "The Junior League—Its Importance and Promise."

"The Challenge" was the subject upon which Miss Amy Blanche Green of Cincinnati spoke.

**Will Erect Bungalow.**  
Through a deal closed Wednesday Charles Frowine came into possession of a 30 foot strip of ground at Eleventh and Monroe streets owned by Judge J. C. Miller. Mr. Frowine will erect a fine bungalow on the lot.

**Mrs. Wright Hurt**  
Mrs. Clarence Wright of 1405 Seventeenth street, while carrying her baby in her arms and toiling a basket tripped and fell in alighting from a street car in front of the Palace restaurant Tuesday night. The crew assisted her into George H. Freshel home. She was bruised but her baby escaped injury.

## LOCALS IN THE LEAD

At the end of the sixth inning of the first game of a double header at Chillicothe, Portsmouth was leading, the score being 4 to 2. This was a Boosters' Day in Galatow and no doubt a large crowd turned out.

## Sixty June Brides

June led all other months of the year in the number of marriage licenses issued, sixty having been issued up until three o'clock this afternoon, the last day of the month. This is a 33 1-3 per cent increase over last year, when 45 licenses were granted during June.

## Brakeman Injured

Charley Molster, N. & W. brakeman, living on Third street, this city, had two ribs broken and was badly bruised about the arms and head at Nungatek Wednesday morning. He was brought to this city today. He was in the act of reaching for a wrench in an engine when the train stopped suddenly and Molster was thrown headlong against a tool box.

## Big Realty Deal

A real estate deal of considerable importance was closed Wednesday when Moses Lehman of the well known firm of Lehman Bros., purchased Miss Mary Barrett's property on Fourth street just back of the Grand Opera House site and the property adjoining it, which was owned by Mrs. Elba McCauley Runk.

The Barrett property has a frontage of 21 feet and the Runk property 22. Mr. Lehman last year purchased the Questel property on Fourth street and he now has a combined frontage of 75 feet on the street.

Mr. Lehman also owns two pieces of ground on Gallia street, one of these being directly back of the Questel property, the depth of the two lots being 160 feet.

He stated Wednesday that he bought the two brick cottages on Fourth street as an investment.

## CHAMPION DAHLIA RAISERS

Mrs. Mary Lush, matron of the Home For Aged Women, comes to the front with the statement that the largest dahlia in Scioto county is to be found in the yard at the Home For Aged Women. The flower she is so proud of measures sixteen inches in circumference.

## WILL MAKE DRY TALK

Harry Edwards, of New Boston, will speak at the Christian church at Sciotoville on Thursday evening, at seven o'clock, on the Wet and Dry question. Mr. Edwards talks from a workingman's standpoint, he being employed at the steel plant as a sheet mill sherman. He is a West Virginian and during the state fight of 1912 he edited and maintained a newspaper devoted to the "dry" interests while employed in the mills at Wheeling, W. Va.

He has traveled considerably in this country and abroad during the slack periods in the mills and talks upon this momentous question from a practical point.

He makes no charge for his services, and usually commands a big audience. He recently returned from a twelve weeks' campaign in Philadelphia.

**U. S. Submarine H-3**  
**Ashore Report Says**  
San Francisco, June 30.—A wireless message received from the steamer Harvard said the H-3 was in no immediate danger. The monitor Cheyenne submarine tender reported she needed no assistance to get the H-3 into safe waters.

San Francisco, June 30.—The

United States submarine H-3 went

ashore late last night five miles

south of Point Sur, 12 miles south

of San Francisco, according to radio

dispatches received early today by

Captain F. M. Bellett, commandant

later from the steamer Arizona,

based at Mare Island Navy Yard. No in-

formation as to the cause of the ac-

cident was contained in the mes-

sage, but it was stated that the sub-

mersible was in no danger, and that

she had not sprung a leak.

The H-3 left San Francisco in

company with submarines H-1 and

H-2 conveyed by the monitor Cher-

onne and was proceeding to San

Francisco to participate in the

Fourth of July celebration at the

exposition. Radiograms received

later from the steamer Arizona,

based at Mare Island Navy Yard, San

Francisco, said the vessel was stand-

ing by the stranded submarine and that

it probably would be possible to

float her at daylight. The H-3 is

commanded by Lieutenant W. F.

Newton.

Columbus, O., June 30.—Names of

many men of state-wide reputation

day would be made. The lobby law

requires all who do any active work

to influence legislation, or those

who employ lobby representatives to

file detailed statements of what

they are said and what they spend

The lobby law would apply alike

to those who spend money and those

who do not, it is held. About two

hundred lobbyists were registered

with the secretary of state during

the session of the assembly and only

55 of those had filed statements up

to today. Many of the others are

Elizabeth Ball, an aged maiden

only living on a farm near Peebles,

whose death was mentioned in

Tuesday's Times, had been miss-

ing for four days before her dead

body was discovered on the edge

of her farm. Heart failure is

thought to have been the cause.

Miss Ball was last seen at the

home of a neighbor last Thursday

evening. She spent the afternoon

there, and ate supper with the

family, leaving immediately af-

terward for her home. The next

known of her was last Sunday af-

ternoon when two men in that

neighborhood came across her

dead body lying near the edge of

her farm. The body was partly

decomposed, and burial had to

be made immediately.

Miss Ball is survived by two

brothers, Charles of this city, and

John of Oklinema, and two sis-

INTERESTED ONE—Will some old time bicycle rider please answer this question?

Dear Miss Wise—Can you give me a recipe for a salad dressing made with Roquefort cheese?

MRS. L. A. H.—Roquefort cheese dressing. Use two tablespoons of cheese, one tablespoon of vinegar, one-fourth teaspoonful salt, one-fourth teaspoonful pepper, olive oil to moisten. Pound or crumble the cheese and when perfectly smooth add the vinegar, salt, pepper and oil. Beat thoroughly.

Dear Dolly—Please tell me how I can get acquainted with some of Portsmouth's nice young ladies? I am 25 years old, have a

good paying position, own some property in town, and am thinking of getting married. Also have Bros. a sister, and is she married?

D. H. B.—Why not get some of your friends to introduce you to their sisters or some other nice girls? If you belong to any lodge or church, attend their social gatherings and you will soon meet plenty of girls—that is if you are not too bashful. The Bros. have a very charming sister and she is not married.

Miss Wise—Can you tell me why pimento cheese does not stay moist? It seems to have a hard crust on top. Ingredients I use are: 1-2 lb. mild cream cheese, 2 red pimentos, 1 tablespoonful Olive oil, 2 small olives, all ground in meat grinder. Can you or any one rectify where my mistake is? Please do so.

MRS. W. L. Y.—I always buy pimento cheese already prepared. I should think however, if you would keep it covered it would not dry out. A few drops of oil, water or vinegar added to the cheese might also keep it moist.

Dear Dolly—Please give me a very good remedy which will make my hair grow long and thick. I am 14 years old.

JESSIE.—Rub vaseline into the scalp thoroughly about once every two weeks. Massage the scalp with the finger tips and tie the hair up over night, shampooing it with a good shampoo the next morning. Always brush your hair thoroughly before retiring.

Dear Dolly—I am a young married woman and would like to know how I can hold the love and respect of my husband? Do you think anything can be gained by simulation, trying to give him the impression that one could get along without him, or do you think the most can be accomplished by letting him know how you feel?

MRS. NEWLYWED.—There are, of course, as many different kinds of men as there are grains of sand, and some men may relish being held aloof, but a man of that type would not be especially comfortable to live with. It has always been my own personal idea of marriage, that it should be a relationship of candor and complete understanding—it is impossible to live on the pinnacles that a great many

courtships build, and much of the misunderstanding and unhappiness of married life are caused when an attempt is made to get down to a basis on which to live. If a man and woman understand each other, in the broad sense, they have no use to indulge in make-believes in their affection for each other. I do not believe in, at least most men, like to be coddled and petted all the time, but the knowledge that the woman they have married has for them a deep and lasting, and "all enduring" affection would certainly make their lives fuller. Of course there are men of the nervous, highly "temperamental" type who need the constant stimulation of an uncertain quantity, but there are not many who can live up to such a demand. I am going to tell you some of the things that are pretty sure to make your husband care more for you as the years go on: Have a cheerful disposition—that does not necessarily mean "sacchar-

ine"—don't nag. If you feel like getting mad once in a great while, do it, but don't pout after it is over, and don't refer to its cause as the basis for another quarrel. Keep yourself looking clean and neat, it doesn't cost any more either in money or energy. See that your house is free from dust and dirt, don't make it look fearfully "tidy" and spotless. Men adore being comfortable, and if a woman can make her home one in which that feature is paramount, she is not going to have to worry much about her husband spending his evenings away from home. When your husband brings a friend for a meal, don't apologize for what you give him to eat. See that you keep yourself well enough posted on affairs of the day, and modern literature as to have to sit in a corner and simply look intelligent when vital issues are being discussed—at least see that you are familiar enough with things to be an adroit questioner. On occasional evenings when you are sure he would rather bury himself in an old chair and a book, don't drag him out some place that might be a bore to both of you. These are a few of the things that will keep you out of trouble of the "made to order" variety, and none of them are hard to do, if you make habits out of them.

The First Presbyterian Woman's Missionary Society, in their regular monthly meeting yesterday, entertained the members of the Central Presbyterian Woman's Missionary Society at the church where there was a good attendance.

Mrs. N. W. Evans, president of the First church, gave the Address of Welcome, which was responded to by Mrs. B. B. Cartwright, of the Central Presbyterian church. The interesting program follows:

Alaska—Mrs. Rebecca Mickelthwait, illustrated with pictures, tintin poles, flags, silver, and gold pins belonging to Mrs. Evans, which were brought to her from Alaska by her sister, Miss Henderson.

South America—Mrs. C. W. Rowe. Current Events from Missions—Papers prepared by Mrs. Evans and passed to the different members.

Social Talks by the members. The room was prettily decorated for the occasion. After the program delicious refreshments were served.

Miss George Holman, Miss Grace Gynan and guest, Mrs. Frederic Rowe, of Boston, Mass., went to Cincinnati this morning to spend two days and will be guests at the Sinton Hotel.

CHAUTAUQUA PARADE TONIGHT;  
BIG EVENT IS TO OPEN FRIDAY

Rain necessitated a postponement of the Chautauqua automobile parade Tuesday evening, and it will be held this evening. The machines will assemble at York park at 6:30 o'clock, and proceed over the route announced for last evening, weather permitting. They will be profusely decorated with flags, bunting and pennants, advertising the Chautauqua, which opens Friday.

Work of raising the big tent in York park started this morning, and rapid headway is being made. It will be in readiness for the opening session Friday afternoon.

One week from this afternoon, the sixth day of the Chautauqua, Hon. John T. Barker, attorney general of Missouri, will lecture at the tent on the subject, "The Courts and the People." Mr. Barker is a man of rare ability, well equipped to speak on the subject he has chosen. He is president of the Association of Attorneys-Generals of the United States.

The big feature of next Wednesday, however, is the appearance of Reno the magician in the evening. Reno is the only big magician in the country who travels without a big company, doing all of his work himself. Reno has been a magician for more than 30 years and performs between 60 and 70 tricks during his 100-minute entertainment. His night is known as "Children's night," and he always takes an interest in their enjoyment. Usually he asks a boy or girl from the audience on the platform to assist him. He is always in a good humor, and his fondness for children is one of the characteristics that make his work wonderfully successful.

The musical prelude to the afternoon and evening features will be given by the American Male Quartet, a talented organization composed of L. E. Gilbert, Clayton Conrad, P. E. Fairchild, and J. M. Sawyer. They will introduce violin, cello, flute and piano music, vocal quartets and solos, imitations and attractive readings.

The morning lecture will be "Picture Making Without A Brush Or Camera," by Prof. Elliot T. Austin, the morning lecturer. The morning children's hour, in charge of Miss Hazel Heath, will be devoted to Japanese Folk Tales and Dances and Singing Games; the afternoon's hour to stories and games of action.

WOMAN COULD  
NOT SIT UP

Now Does Her Own Work.  
Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

**Daughter Helped Also.**  
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

OTWAY MAN HAS FIFTEEN  
RELATIVES IN THE WAR

Fifteen relatives—all nephews and cousins—of William Hyslop, Otway timber dealer, are fighting on the front in the European war. Some of them are on the bloody battlefields of Belgium and France, and some around the Dardanelles.

All of them are seeing active service for the allies against the Austro-German and Turkish forces. The latter is a native of Scotland and follows very closely when not selling ties and timber—the fortune of the allies. He has an inherent desire to be participating in the history-making struggle but age prevents him. Mr. Hyslop is an old army man, an experienced and close student of strife and struggle.

Almost weekly letters come to Mr. Hyslop from the fighting zone. Between assaults and charges, fierce fighting and marching, and brief periods of respite, these soldiers have time to pen a few lines to a relative in far off America. John Hyslop, a nephew, participated in the assault on Hill No. 60 at Ypres. Two men, shot dead, dropped alongside young Hyslop as they charged but he fought on. The allies' efforts, for the time being, were successful and Mr. Hyslop escaped all injury and lived to enjoy the victory. He has been in other terrific encounters since but, so far, has escaped injury.

Daring and cunning were displayed by another nephew, James Hyslop, when captured in France by German troops. "Jim," as Mr. Hyslop fondly called him, is a crack shot with the rifle. He was placed in a squad of sharpshooters sent out along the advance line. Three of them were captured, including Jim. The latter casting around in the German ranks, discovered a means of escape. He informed his companions of his discovery but they refused to "take advantage" of it, saying that it would mean sure death to them.

Single handed, Hyslop made the attempt. He entered a German officer's tent, which was vacant at the time, secured a German uniform, buckled on sword and scabbard and started on a walk through the German lines. Not a word of German could he speak which made the attempted run all the more difficult. Outside the German lines and nearing the lines of his own kinsmen he was struck in the back of the head by a piece of shrapnel. Rendered unconscious he lay undiscovered for thirty-six hours. On returning to consciousness he managed to crawl to his own lines. Later he was taken to a hospital where he is now recovering.

John Hyslop, a hero of the Ypres fighting, is a talented and highly accomplished descriptive writer. In letters to his local uncle, he vividly describes scenes of fighting and snatches of camp life.

Unspendable hate of the Germans is expressed between the lines. Lack of food and hunger are two of the principle annoying factors of camp life, according to John Hyslop. Nothing is said of the cut of the saber, the pierce of the bayonet or the sting of the bullet, with death stalking the armies every second of the day and night.

SERIOUSLY INJURED IN  
FALL ON BROKEN BOTTLE

Russell Weatherwax, 12, was probably saved from being permanently crippled Tuesday afternoon by the quick work of physicians. Young Weatherwax is from Middletown, O., and is visiting his grandparents, Mr. and Mrs. C. H. Koest, florists, 1229 Seventeenth street. Tuesday afternoon he climbed onto a fence and became dizzy, falling to the ground with much force. In hitting the ground his right arm came in contact with a broken glass bottle. A long gash was cut in his arm between the wrist and elbow. Two important ligaments leading to the fingers of the right hand were cut completely in two. The cut in the arm had to be enlarged so the physicians could get hold of the ends of the ligaments to sew them together. The prompt action saved Weatherwax the use of his fingers.

MANY CASES OF  
RHEUMATISM NOW

Says We Must Keep Feet Dry,  
Avoid Exposure and  
Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxins called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

# LIGHTNING BOLTS STRIKE IN NUMEROUS PLACES

## City And County Swept By Storm; Rainfall Is Heavy

Portsmouth was swept by one of the severest rainstorms of the season, which broke over the city at 2 o'clock Wednesday morning. It was accompanied by vivid flashes of lightning that played over the city and did considerable damage.

At 7:30 o'clock Tuesday night an exceedingly heavy rainstorm drenched the city, the rainfall of the two storms being 2.13 inches according to Weather Observer Dr. Harry Schirmann, the precipitation being the heaviest in many months. According to reports from various parts of the county the excessively hard showers were pretty general and no little damage was done to growing crops. The deluge caused a number of the smaller creeks to go on a rampage, but no serious damage has been reported.

Residences in the city and surrounding country were struck by lightning.

The street railway company closed down its power plant, the

city being in total darkness for 30 minutes. Several transformers were put out of commission, one being located in the First National bank building.

The Home Telephone company had 150 telephones in the West End rendered useless, the result of wires being burned out by lightning.

**Dr. Schirmann Residence Hit**

A bolt of lightning struck Dr. Harry Schirmann's fine home at Eighth and Chillicothe streets during the severe electrical storm that passed over the city early Wednesday morning.

The entire household was aroused, but an investigation showed that the lightning had done very little damage aside from plunging the family into a state of excitement. Dr. Schirmann stated today that for a few seconds lightning seemed to zigzag its way through all the rooms of his house.

**Whole Family Is Shocked**

Ed Petry, a well known shoe-worker employed at the Selby factory, and his whole family were more or less shocked when lightning struck uncomfortably close to their home, 415 Fourth street, during the fierce storm Wednesday morning about 2 o'clock.

Mr. Petry had been standing at the window gazing at the electrical display when he was suddenly blinded and knocked off his feet. It appeared a lightning bolt struck directly alongside the house. His little three-year-old son Alfred, who had been sitting up in bed was knocked flat and seemed dazed for some time afterward. Petry himself felt rigid for fully an hour after. His wife also distinctly felt the shock. The father's father, Frank Frederick, arose and discovered what first appeared to him to be a blaze in the alley at the rear and he hurried to turn in an alarm. It developed a telephone pole in front of Undertaker Chas. Spratt's home, 414 Third street, was on fire, having been struck by lightning. The top of the galvanized ceiling can on the pole had been raised a foot from its bottom. Lightning had also struck the corner of Mrs. Daniel Brennan's home, 419 Third street and shock-

## Minister Plays Role Of Good Samaritan To Bees; "Stung"

J. F. Olmsted, who has charge of the Gospel Tent at Galia and Offene streets has probably never faced a buzz saw, but he faced something worse, a swarm of bees that appeared near his home on Kendall avenue Tuesday.

It was while enacting the role of a guide and father to the homeless honey makers

that Mr. Olmsted learned what it means to be attacked by several hundred of the "boys that carry a sting." He tried several methods to charm the bees, but they evidently refused to be charmed. Hostilities between said bees and Mr. Olmsted came to a sudden and definite end when one little industrious bee alighted on the tip of Mr.

Olmsted's nose and rudely touched it with the business end of his stinger.

Mr. Olmsted as a result of the encounter is laid up at his home on Kendall avenue. When last heard from the said bee was still enjoying his freedom.

Mr. Olmsted's eyes are almost swollen shut and he was hardly recognizable today.

## LOUIS HERDER AGAIN HEADS BARTENDERS

Louis Herder has just been re-elected president of Portsmouth Bartenders' Local No. 420 for the sixth consecutive time.

Henry Lordier was re-elected vice-president; John Steiger, treasurer; George W. Schaefer, financial secretary and business agent; Ed Sauffiger, recording secretary; Bird

Zeigler, chaplain; Charles Mottis, Charles Hood and Joe Beckett, inspectors; J. J. Ward, inspector. L. D. Austin, retiring business agent of the local, now a saloonkeeper of Jackson; was a visitor at the meeting. Billy Maier, who just took a position as bartender at the Fin-deis cafe, was admitted to the union as a member.

## STEALS PORCH SWING

One of the nerviest thefts that has been committed in the city for some time took place Tuesday night when an unknown party stole a porch swing from the home of Mrs. Maggie Williams, a resident of the Hilltop. All that was left of the swing Wednesday morning was the staples that held the swing up.

## CUBS WANT HERZOG

The Chicago National league club owners Tuesday, according to a report in Cincinnati, made an unsuccessful attempt to purchase the release of Manager Charley Herzog. Garry Herrmann quickly tucked a "Nothing Doing" sign on the rumor. He admitted, however, that the Cubs made an offer for Herzog.

## Challenge Accepted

Earl King has accepted the challenge of Roy Bellamy for a wrestling match Saturday evening in Bohemian hall, Freshport building, the home of the Portsmouth Athletic club. A benefit athletic show will be given, consisting of three very interesting wrestling matches. A box match was to have been included in the evening's events, but to be on the safe side Charles Anderson, president of the club, called on Mayor Frick to ask permission of holding the bout, but was informed that boxing would not be allowed.

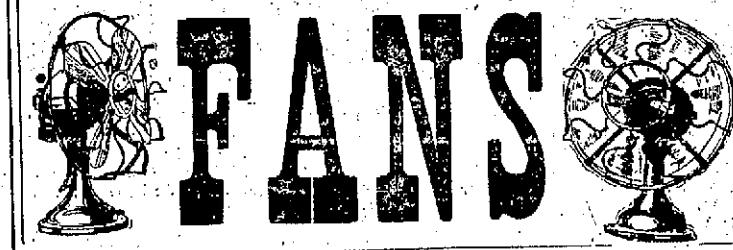

Roy Bellamy will wrestle Earl King. Dick Watson, of Cincinnati, has been secured to wrestle Ralph Harris, of this city, and Ace Henderson will go the mat with J. O. King.

## Contempt Charges

Cincinnati, June 30—Adelphus L. Reedy, as trustee in bankruptcy, yesterday filed in the United States District court application for a rule of court directing Geo. L. Neal and James H. Strickling to appear on July 6, 1915, to show cause why an attachment for contempt should not issue against them for disobedience of the order of Referee in Bankruptcy Mark A. Crawford, of Portsmouth, Ohio, directing the payment of \$457.39 to the trustee. This money was collected in the case of the Taylor-Brown Timber company vs. the Ackerman Lumber and Manufacturing company, and it is alleged that no part of it has been paid to Reedy, as directed by Referee Crawford.

In Huntington Belford Robinson, of Columbia, who has been the guest of Earl Chayton of Robinson avenue, has left for Huntington, W. Va., for a few weeks' visit with relatives.

## IRONTON POLITICS IS BOILING, CORN IS OUT FOR CONGRESS WILL VISIT COAST

From Ironton comes a story which is well authenticated, that Editor John H. Corns, of the Ironton Register, will soon announce his entrance into the fight for the Republican congressional nomination in this district. It is claimed that the Willis organization of the district and state will back him, and that this was the inducement that secured his withdrawal from the mayoralty contest in the Iron City.

Around Corns' withdrawal is woven quite a political story. The Willis organization of Ironton was split upon a candidate for mayor. The most powerful portion of the Willis organization or anti-Johnson crowd placed Ex-Mayor Kennedy in the fight for the nomination, while Corns got in with backing of Homer Edwards.

The Anti-Willis or Johnson crowd, backing Mayor Harman, and with two opposing candidates is looked to have the best of the argument. For about three weeks efforts were made to induce Corns to withdraw, and not until Sunday was the desired situation brought about.

It is hinted that Ex-Congressman Bauman is interested in the deal and will assist Editor Corns to further his newest ambition in this county. In Lawrence county this turn of the political wheel will interfere with the ambition of Judge E. E. Corns, for it has been told here that he has been casting his eyes in the direction of Congressman Switzer's seat in the lower House of Congress.

This story comes from a source that stamps it with truth, and it shows the extent to which the efforts of the Willis administration will go to build up a personal political machine.

Intermingled with this deal is the work of naming and controlling the Liquor License Commissioners of this district.

Mr. and Mrs. Frank V. Knauss will leave July 8 for Seattle, where Mr. Knauss will attend a meeting of Shriners from all parts of the United States. They will be accompanied by Mrs. Knauss' brother, Harry Beeching of Cincinnati, and Mrs. Elizabeth McCole of Wilkesbarre, Pa. They will visit the expositions in California and on their way home will spend ten days exploring the scenic wonders of Yellowstone Park.

## GERMANS SINK TWO NORWEGIAN STEAMERS

### REPORT OF MEXICAN PEACE MOVE HEARD

Washington, June 30.—Activities of prominent Mexicans now in the United States and others in connection with the Mexican political situation attracted much attention in official circles here today and caused renewed discussion of the possibility of peace in the southern republic.

These activities included the efforts of General Felipe Angeles, Villa's right hand man, to learn the sentiment of Washington officials toward the Mexican situation; a reported peace move, calling for a conference, between General Villa and Obregon on the border and the prospective conference between General Carranza and Charles A. Douglas, his Washington counsel.

Mr. Douglas has gone to Vera Cruz, presumably to impress upon Carranza the viewpoint of the American government as enunciated in a recent statement by President Wilson that the hands of the warring factions in Mexico must settle their differences. Officials here are awaiting to see if General Carranza is willing to change his attitude towards peace overtures by General Villa. Carranza has heretofore consistently declined such offers.

Officials were interested today in unofficial reports stating that Jose Isabel Robles, minister of war in the cabinet of Eulatio Gutierrez, had announced that General Villa and Obregon had agreed to discuss terms of peace, perhaps within two weeks. General Angeles was still here today continuing to seek the viewpoint of the Washington government towards the Mexican problem. In a statement he declared that he was opposed to Huerta and all that he represented in Mexican politics. He added that he was in thorough accord with President Wilson that the Mexican factions compromise their differences.

Whatever the outcome, however, activities of the Mexican leaders toward the situation in the southern republic nothing will be done by the Washington government until President Wilson returns from New Hampshire.

### Mrs. Clark Heads Relief Party When Bridal Train Wrecks

Bowling Green, Mo., June 30.—On the morning of the wedding of her daughter, Mrs. Champ Clark, wife of the speaker of the National House of Representatives, jumped out of bed when she received news of the derailment of a train bearing guests to the wedding, and without waking her husband or any member of the bridal party, organized a relief automobile party and went to the scene of the accident.

Donnett Clark, her son, a clerk at the speakers' table in the House of Representatives, was the only other member of the Clark family to awaken during the excitement. He, with his mother and a dozen newspaper men sent to Bowling Green to report the wedding, composed the relief party.

Four cars of the Chicago and Alton passenger train enroute from Kansas City to Chicago left the rails at Curryville, six miles west of Bowling Green. Among the guests to the Clark-Thomson wedding on

### PROMINENT MEN FAIL TO REPORT RECEIPTS

Columbus, O., June 30.—Names of many men of state-wide reputation were found among the lists of legislative agents who neglected to report their receipts and expenditures to the secretary of state as compiled today for use of the attorney general's department in the investigation which it announced yesterday would be made. The lobby law requires all who do any active work to influence legislation, or those who employ lobby representatives to file detailed statements of what they are paid, and what they spend during the course of their legislative work.

The lobby law would apply alike to those who spend money and those who do not, it is held. About two hundred lobbyists were registered with the secretary of state during the session of the assembly and only 95 of those had filed statements up to today. Many of the others are said to have received no additional compensation for their legislative activity, yet state officials in authority declared they were not excused from making reports.

Officials who scanned the reports today and compared them with the record of registered lobbyists, declared about half of the hundred who failed to file statements are representatives of the Dayton citizens' relief commission, which worked against the amendment of the Vanderheide conservancy act. Others are agents for labor interests, business and commercial clubs, teachers and nurses organizations and motion picture interests.

Operation Successful.

J. G. Nichols, of Greenv, Ky., underwent a successful operation for extensive cancer of the hip Tuesday afternoon at the home of his nephew, Ben Griffith, 2981 Walnut street, East Portsmouth.

# COUNTY AND CITY SWEEP BY A SEVERE STORM

## Dr. Schirman's And Other Residences Hit By Lightning; Family Is Shocked

Portsmouth was swept by one of the severest rainstorms of the season which broke over the city at 7 o'clock Wednesday morning. It was accompanied by vivid flashes of lightning that played over the city and did considerable damage.

At 7:30 o'clock Tuesday night an exceedingly heavy rainstorm drenched the city, the rainfall of the two storms being 2.13 inches according to Weather Observer Dr. Harry Schirman, the precipitation being the heaviest in many months. According to reports from various parts of the county, the excessively hard showers were pretty general and no little damage was done to growing crops. The deluge caused a number of the smaller creeks to go on a rampage, but no serious damage has been reported.

Residences in the city and surrounding country were struck by lightning. The street railway company closed down its power plant, the city being in total darkness for 30 minutes. Several transformers were put out of commission, one being located in the First National bank building.

The Home Telephone company had 150 telephones in the West End rendered useless, the result of wires being burned out by lightning.

**Dr. Schirman's Residence Hit.** A bolt of lightning struck Dr. Harry Schirman's fine home at Eighth and Chillicothe streets during the severe electrical storm that passed over the city early Wednesday morning.

The entire household was aroused, but an investigation showed that the lightning had done very little damage aside from plunging the family into a state of excitement. Dr. Schirman stated today that for a few seconds lightning seemed to zigzag its way through all the rooms of his house.

**Whole Family Is Shocked.** Ed. Petry, a well-known shoe worker employed at the Selby factory, and his whole family were more or less shocked when lightning struck uncomfortably close to their home, 416 Fourth street, during the severe storm Wednesday morning about 2 o'clock.

Mr. Petry had been standing at the window gazing at the electrical display when he was suddenly blinded and knocked off his feet. It appeared a lightning bolt struck directly in front of the house. His little three-year-old son Alfred, who had been sitting up in bed was knocked flat and seemed dazed for some time afterward. Petry himself felt rigid for fully an hour after. His wife also distinctly felt the shock. The latter's father, Frank Fredericks, arose and discovered what first appeared to him to be a blaze in the alley at the rear and he hurried to turn in an alarm. It developed a telephone pole in front of Undertaker Chas. Spratt's home, 414 Third street, was on fire, having been struck by lightning. The top of the galvanneal cable can on the pole had been raised a foot from its bottom. Lightning had also struck the corner of Mrs. Daniel Brecken's home, 419 Third street and shocked the occupants.

C. H. Hoffman, of the Ohio Museum Company, who was coming at the Spratt home, was blinded by lightning. Howard Woods, a shoemaker of the same neighborhood, and others were also shocked. Many wires in that locality were down and telephones out of commission.

**Bolt Hits At Fullerton.** The home of Mr. and Mrs. Joseph Hall of Fullerton was hit by lightning and a cornice was knocked off but no one was hurt.

## CHAUTAUQUA PARADE TONIGHT; BIG EVENT IS TO OPEN FRIDAY

## OTWAY MAN HAS FIFTEEN RELATIVES IN WAR; GETS VIVID VIEW OF BATTLES

Rain necessitated a postponement of the Chautauqua automobile parade Tuesday evening and it will be held this evening. The machines will assemble at York park at 6:30 o'clock and proceed over the route announced for last evening, weather permitting. They will be profusely decorated with flags, bunting and pennants, advertising the Chautauqua, which opens Friday.

Work of raising the big tent in York park started this morning, and rapid headway is being made. It will be in readiness for the opening session Friday afternoon. One week from this afternoon, the sixth day of the Chautauqua, Hon. John T. Barker, attorney general of Missouri, will lecture at the tent on the subject, "The Courts and the People." Mr. Barker is a man of rare ability, well equipped to speak on the subject he has chosen. He is president of the Association of Attorneys-Generals of the United States.

The big feature of next Wednesday, however, is the appearance of Reno the magician in the evening. Reno is the country's big magician in the country who travels without a big company, doing all of his work himself. Reno has been a magician for more than 30 years and performs between 60 and 70 tricks during his 100-minute entertainment. His night is known as "Children's night," and he always takes an interest in their enjoyment. Usually he asks a boy or girl from the audience on the platform to assist him. He is always in a good humor, and his fondness for children is one of the characteristics that make his work wonderfully successful.

The musical prelude to the afternoon and evening features will be given by the American Male Quartet, a talented organization composed of L. B. Gilbert, Clayton Conrad, P. E. Fairchild, and J. M. Sawyer. They will introduce violin, cello, flute and piano music, vocal quartets and solos. In addition are attractive readings.

The morning lecture will be "Picture Making Without A Brush Or Camera," by Prof. Elliot T. Austin, the morning lecturer. The morning children's hour, in charge of Miss Hazel Heath, will be devoted to Japanese Folk Tales and Dances and Singing Games; the afternoon's hour to stories and games of action.

## Masonic Emblem Lost

F. W. Sheridan, advertising manager of the Daily Times, is mourning the loss of a Masonic emblem, which was attached to his watch fob. The design was a solid gold wreath, in the center of which was the gold triangle. Mr. Sheridan believes he may have lost the emblem either at one of the motion picture theatres or on the Chillicothe pike. Anyone finding the design will be liberally rewarded by leaving the same at the Times office or at 809 John street. The design is highly prized by Mr. Sheridan owing to the fact that it was a Christmas gift from Mrs. Sheridan.

## Lunacy Charge

Charles Smith, well known young man of Ninth street, was taken in charge by the police Tuesday night on a lunacy charge. He was found shortly before midnight, roaming the streets in a demented condition, and taken home. Later relatives telephoned Judge Beatty that he was violent, and the police were ordered to bring him to the lunacy ward of the county jail. He will have an inquest into his sanity today. Alcoholism and morphia is said to be responsible for his condition.

## PIKETON VOTES DRY BY 58

At an election held under the Seal law Piketon voted Tuesday to continue in the dry column, the majority in favor of the dry being 58. One hundred and eighteen dry votes were cast and 60 wet.

Piketon has been dry for a number of years. The election passed off quietly Tuesday and climaxed a rather spirited local wet and dry campaign.

**John Hyslop, a nephew, participated in the assault on Bill No. 60 at 3 p.m. Two men, shot and dropped alongside young Hyslop as they charged but he fought on. The allies' efforts for the time being were successful and Mr. Hyslop escaped all injury and lived to enjoy the victory. He has been in other terrible encounters since but, so far, has escaped injury.**

Daring and cunning were displayed by another nephew, James Hyslop, when captured in France by German troops. "Jim," as Mr. Hyslop fondly called him, is a crack shot with the rifle. He was placed in a squad of sharpshooters sent out along the advance line. Three of them were captured, including Jim.

The latter casting around in the German ranks, discovered a means of escape. He informed his companions of his discovery but they refused to take advantage of it, saying that it would mean sure death to them.

Single handed, Hyslop made the attempt. He entered a German officer's tent, which was vacant at the time, secured a German uniform, buckled on sword and scabbard and started on a walk through the German lines. Not a word of German could he speak which made the attempted ruse all the more difficult. Outside the German lines and hearing the lines of his own kinsmen he was struck in the back of the head by a piece of shrapnel. Rendered unconscious he lay undiscovered for thirty-six hours. On returning to consciousness he managed to crawl to his own lines. Later he was taken to a hospital where he is now recovering.

John Hyslop, a hero of the Ypres fighting, is a talented and highly accomplished descriptive writer. In letters to his local uncle, he vividly describes scenes of fighting and snatches of camp life.

Unspeaking hate of the Germans is expressed between the lines. Lack of food and hunger are two of the principles annoying factors of camp life, according to John Hyslop. Nothing is said of the cut of the saber, the pierce of the bayonet or the sting of the bullet, with death stalking the armies every second of the day and night.

**Do You Want Reading?** The mayor is in receipt of an abundance of literature from the bureau of education at Washington, D. C., on the subject of "Civic Education for Immigrants," "Americanization Day," "Public Citizenship Receptions to New Americans," which he will gladly turn over to any that may be interested in the work under consideration.

## ALL QUIET AT CITY HOSPITAL

The situation at Hempstead hospital, where ten student nurses were suspended a few days ago for alleged insubordination, was reported unchanged Wednesday.

While the nurses are expected to leave the hospital this evening there was nothing on the surface to indicate that they were making preparations to go. Joseph Lake, director of public safety, claimed to have a sufficient number of graduate nurses and applicants for training ready for duty so that the service at the hospital will not suffer. He said that there were really but three disturbers who led the recent uprising among the nurses and that some of the older and best nurses had refrained from taking any active part until forced into it by others, and really would like to remain and finish their courses.

**Will Eliminate Pond.** H. E. Hossman has assured the city officials of his intention to eliminate the pond of stagnant water on his premises, but says before so doing he wants the B. & O. S. W. to remove several carloads of crosses that the company stored there, so that he may erect a fence. He has appealed to Agent O. E. Wmoff to remove the ties.

## PLAYED WITH CARTRIDGE, IS SHOT IN THE HEAD

Playfully throwing 22 long cartridges on the sidewalk to see if they would explode, Tuesday night, resulted in Howard Seel, aged 3, a son of Mr. and Mrs. William Seel, of 1617 Eighth street, receiving a painful wound in the middle of his forehead.

One of the cartridges exploded and struck Seel on the forehead, but luckily there was not much speed to the bullet and Seel was not badly hurt. Several of his companions amused themselves in a similar manner, but escaped being hurt. Mr. Seel is employed as a foreman by the Selby Shoe company.

## Boy Scouts To Play At Millbrook Monday

Two fast Boy Scout League ball games will be the feature at Millbrook on next Monday, July 5th. As the Cobblers are at Charleston on that day, the Boy Scouts will furnish two good games for the fans who frequent Millbrook. Mr. William Gableman has kindly extended the use of the grounds to the scouts on this day, and the boys will work hard to pull off two games which will be a credit to their league. Both games will be between the Kendall Avenues and the East Enders, the two teams leading in the Boy Scout League.

On June 12th rain prevented a scheduled game between these teams, and this game will be played off on next Monday, also the regularly scheduled game for that date. The first game will be called promptly at 9 a. m. and the second will be staged at 2 p. m.

The members of these two teams are selling tickets, which are 10 cents, and good for two games. Large numbers of Boy Scouts are planning to spend the day at Millbrook, taking their dinners, and taking in both games.

**Caught Fine Frogs.** Edward Yunker has returned from Otway where he visited his sister, Mrs. Simon Crow. He caught a number of fine frogs while on his visit.

## The Movies

"Shore Acres," That Popular Old Play, Columbia Today

Everybody remembers "Shore Acres" as one of the most popular plays ever presented on the stage. It was one of those stories which reached the very depths of human interest and the beautiful character of Uncle Nat and his hard-hearted brother Martin will always be remembered by the thousands who saw this great on the stage.

Can you ever forget the scenes at the Light House, the quarrel between the two brothers and their final happy reunion at the family Christmas dinner.

No finer adaptation of a successful drama has ever been screened than that of "Shore Acres" and this reproduction in pictures was produced among the pines of Maine and along her rugged sea coast and the story as told in pictures far outclasses the stage version.

Don't overlook "Shore Acres" at the Columbia today. The first afternoon show will start promptly at 1:30, then at 2:45 and 4:00. The first evening show at 6:30, then at 7:45 and 9:00.
